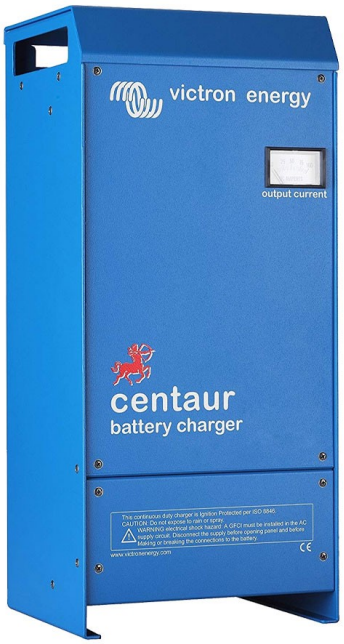
Victron Centaur Charger 24v/60a



Product price:

£975.60 tax included

Product codes:

Reference: 792-CCH024060000
EAN13: 08719076021575
UPC: - MPN: CCH024060000

Product short description:

Universal 90-265V AC input voltage range and also suitable for DC supply (AC-DC and DC-DC operation).

Aluminium epoxy powder coated cases with drip shield and stainless steel fixings withstand the rigors of an adverse environment: heat humidity and salt air.

Circuit boards are protected with an acrylic coating for maximum corrosion resistance.

Temperature sensors ensure that power components will always operate within specified limits if needed by automatic reduction of output current under extreme environmental conditions.

Three stage charging with temperature compensation.

Three outputs that each can supply the full

output current.

All models will operate without any adjustment needed over a 90 to 265 Volt input voltage range whether 50 Hz or 60 Hz.

Dimensions (HxWxD): 50.5x25.5x13.0 cm / Weight: 12 kg.
