Product short description:

The MS-RA70N is the perfect entry-level marine stereo packed with FUSION's innovative entertainment technologies that create quality on-water entertainment experiences. Engineered to seamlessly replace any standard DIN sized non-marinised stereo with the FUSION marine option. The low profile design allows for easy integration and features innovative dash and flush mounting options. The ability to install the RA70N with a dash finish or integrated into a glass helm with a flush surface finish allows for conventional mounting or a more streamlined dash and high-end installation.
