UPC: - MPN: K10-00012-20

Product short description:

Our GMR Fantom 126 solid-state radar with 120 W of power uses MotionScope technology to detect and highlight moving targets in different colours to show if they are moving away or approaching which helps you avoid potential collisions find flocks of birds and track weather.

It includes Pulse Compression technology that provides high-resolution imaging and maximises energy to help you detect and identify targets. It has a detection range of 20' to 96 nautical miles.
