UPC: - MPN: RIV1220PCH-23S-G1-UK

Product short description:

The Renogy Pro 12V 2000W HF Inverter Charger delivers high efficiency and reliable power for off-grid and mobile applications. With over 91% inverter efficiency and standby power consumption under 10W it helps extend battery life while minimizing energy waste. Its lightweight compact design (7.3 kg) allows for easy installation in tight spaces such as RVs and small cabins.
