Product short description:

This 60w PV Logic solar panel roof and deck top kit enables the solar panel to be professionally fitted to the roof of a caravan motorhome or yacht. The 60w solar panel is often a standard fit for caravan and campervan manufacturers and delivers up to 390wh per day. It is suitable for powering most DC and some AC appliances via a separately purchased inverter. The kit comes with all you need to fit the panel including a 10Ah dual battery charge controller cable feed gland bonding agent a 4m cable connectors fuse and detailed installation instructions. The 10Amp Dual Battery Charge Controller is for off-grid solar systems and has the additional functionality that it can charge to batteries simultaneously and can work on both 12v or 24v systems.
