Raymarine CCM-016 Digital Switching Circuit Control Module - 12V

Product price:

£1,750.00 tax included

Product codes:

Reference: 705-E70296
EAN13: 00723193792698
UPC: - MPN: E70296

Product short description:

The Circuit Control Module (CCM) is an NMEA2000 device that is connected to the main DC Bus and provides inputs and outputs to the system. With multiple input capabilities and ranges the CCM is an extremely versatile and cost effective means to interface signals to the system and when combined with the powerful software complex monitoring and control systems are easily realized.
