Maretron J2K100 - J1939 to NMEA 2000 gateway

Product price:

£350.00 tax included

Product codes:

Reference: 468-J2K100-01
EAN13: 00873804000077
UPC: - MPN: J2K100-01

Product short description:

Maretron’s J2K100 attaches directly into J1939 networks of compatible engines transmissions and gensets and converts the J1939 data to the new marine digital interface (NMEA 2000®). Critical engine transmission and genset data is then distributed throughout the vessel over a single cable where it can be monitored by any NMEA 2000® compatible display. The J2K100 can also be used as part of a complete fuel computer.
