Product short description:

The ultimate tactical race compass and wind shift indicator. Its two-tier display shows your heading how far you're above or below the mean course and how much you're being headed or lifted. It will enable you to quickly and easily establish the favored end of the start line and will help you sail the shortest distance to the windward mark. Comes with T121 Hull Transmitter T910 Speed Depth Temperature Transducer and T138 Solar Panel to power the hull transmitter.
