Icom F8101 HF Transceiver

Product price:

£1,995.00 tax included

Product codes:

Reference: 330-F8101.011
EAN13: -
UPC: - MPN: F8101.011

Product short description:

The IC-F8101 HF Land Mobile Transceiver is designed specifically for long distance radio communications. It operates on HF frequencies from 1.6 to 30MHIC-F8101_sepa_HM-193_SPz and transmits with up to 125W PEP (Peak envelope Power).

The IC-F8101 supports SSB AM CW and Data operating modes and has the latest Digital Signal Processor (DSP) technology for improvement in both transmitter and receiver performance. The Clear Talk function utilizes DSP to separate the noise from signals for clearer audio.
