UPC: - MPN: STPVFRT020

Product short description:

This 20w PV Logic solar panel roof and deck top kit enables the solar panel to be professionally fitted to the roof of a caravan motorhome or yacht. The 20w panel can deliver up to 130wh per day and as such a degree of self-sufficiency can be achieved where power demand is limited to lighting mobile device charging. Supplied with all you need to fit the panel including a 10Ah dual battery charge controller cable feed gland bonding agent a 4m cable connectors fuse and detailed installation instructions. The 10Amp Dual Battery Charge Controller is for off-grid solar systems and has the additional functionality that it can charge to batteries simultaneously and can work on both 12v or 24v systems.
