JL Audio MAX Audio Measurement System (MAX-KIT)

Product price:

£3,569.99 tax included

Product codes:

Reference: 232-0100302800
EAN13: 699440906029
UPC: - MPN: 010-03028-00

Product short description:

MAX is a professional-grade dual Fast Fourier Transform (FFT) measurement system with 5 microphones. It is ideal for general audio system measurement system tuning with DSP troubleshooting and testing equipment and solving OEM integration challenges. MAX has many applications in home car marine and professional audio.
