Quicksilver High Performance EXTREME Grease

Product price:

£21.02 tax included

Product codes:

Reference: 92-8M0208806
EAN13: -
UPC: - MPN: -

Product short description:

Quicksilver Extreme grease is a high-quality multi-purpose grease designed to withstand extreme friction, high temperature and also provides added water resistance. It's 100% compatible with lithium-based greases.

Recommended for use on steering systems, cable linkages, remote controls, prop shafts, swivel pins, driveshaft splines, gimbal bearings, trailer bearings, tilt lock mechanisms, tilt tubes and hinge pins.

Size: 227g
