Marine 4T Motor Oil 10W-30

Product price:

£12.23 tax included

Product codes:

Reference: LM25022
EAN13: -
UPC: - MPN: -

Product short description:

High-performance low-friction motor oil based on synthetic technology. Provides increased corrosion and wear protection as well as quick oil penetration of the engine and turbocharger with additives specially adapted to maritime use. Exceeds leading engine manufacturers' requirements. Fulfills warranty cover provided by manufacturers.

- excellent wear resistance
- excellent cold-start behavior
- outstanding corrosion protection
- tested for the use with catalytic converters
- optimum stability to aging
