Marine Antifreeze

Product price:

£46.01 tax included

Product codes:

Reference: LM25082
EAN13: -
UPC: - MPN: -

Product short description:

Combination of active agents based on a glycerine/water mixture. Offers excellent frost protection during the overwintering of pipes and protects against corrosion. Allows safe wintering in a coordinated mixing ratio with water, thus making it unnecessary to empty the lines completely. Biodegradable and environmentally friendly.

- biologically degradable
- outstanding corrosion protection
- environmentally friendly
- prevents the cooling system from freezing up
- frost protection when overwintering
