Product price:

£270.00 tax included

Product codes:

Reference: 144-AIS100USB
EAN13: 00738435472399
UPC: - MPN: ZDIGAIS100USB

Product short description:

Perfect for PC based navigation systems with USB drivers for PC MAC and linux.

This value priced entry level AIS receiver is Digital Yachtâ€™s most cost effective solution for getting AIS on your PC. Featuring the same dual channel receiver as the AIS100Pro but without the NMEA 0183 Output and multiplexer there is no compromise on performance and the AIS100USB will out-perform all other inferior single channel receivers.
