UPC: - MPN: 5400-XP

Product short description:

Copper and silver plated brass elements for extra range and efficiency.

Low-loss polyethylene dielectric.

Low-loss ethafoam spacer for strong mechanical support.

Stranded high-quality tinned copper inner conductor maximizes signal strength.

Ultra efficient silver-plated brass choking sleeve suppresses cable radiation for maximum on-air signal.

6m RG-8/X extra low loss cable plus a PL-259 connector.

Stainless steel ferrule with standard 1in x 14 TPI thread.

Suggested mount: 4187 or 5187.
