Product short description:

Raymarine Acu-100 Actuator Control Unit With the ACU-100 Raymarine brings the exceptional performance of Evolution Autopilots to sport boats runabouts and smaller cruising yachts. Specifically designed to complement Raymarine’s unique wheel-drive and tiller-drive applications the ACU-100 provides a powerful and secure interface between steering systems and the revolutionary EV-1 course computer and 9-axis sensor. As a true world-first innovation the ACU-100 is fully sealed so may be mounted above decks on boats where space is limited.
