UPC: - MPN: T70161

Product short description:

The EV-400 Sail Autopilot is for sail boats fitted with a type two and three drive unit drawing less than 30 Amps. The Evolution autopilot systems perceive their environment and instantly calculate and evolve steering commands to maximize performance. The result is precise and confident course keeping regardless of vessel speed or sea conditions - Evolution autopilots steer so accurately they can save fuel and get you to your destination faster.
