Raymarine Evolution EV2 Sensor Core

Product price:

£2,425.00 tax included

Product codes:

Reference: 705-E70097
EAN13: 00723193768891
UPC: - MPN: E70097

Product short description:

Precision monitoring of heading pitch roll and yaw allowing the autopilot to evolve instantly as sea conditions and vessel dynamics change.

Flexible installation options. Mount above or below deck.

Simple SeaTalkng connectivity to the control head and ACU.

Solid state sensor technology delivers dynamic accuracy to within 2 degrees in all conditions.

Auto-compensation for on board magnetic fields and reliable heading accuracy in the northern and southern extremes.

Fast and reliable heading data for MARPA radar overlay and heading modes on Raymarine multifunction displays.
