UPC: - MPN: T70134

Product short description:

SeaTalk ng Starter Kit - The SeaTalk ng Starter Kit is the perfect way to get started with your SeaTalk ng compatible Raymarine product. The 5-way connector forms the start of your SeaTalk ng backbone and your SeaTalk ng product is connected via a Spur Cable. What's in the kit? A06064: SeaTalk ng 5-way Connector A06031: SeaTalk ng Backbone Terminator (x2) A06040: SeaTalk ng Spur Cable 3m A06049: SeaTalk ng Power Cable SeaTalk ng is a robust cabling and connection system compatible with NMEA 2000 built specifically for the marine environment comprising a powered single backbone with two terminators one at each end. Small diameter cable connectors are used throughout the system to make installation easier. There’s a wide range of cable lengths all with over-moulded plugs so there is no need to cut or splice cables. Spur cables connect individual SeaTalk ng products to the SeaTalk ng backbone. Cables and connectors are colour-coded for easy system identification and have

quick connect (push-fit twist-lock) waterproof (IPx6) plugs and sockets. Whether you are looking to expand your current SeaTalk ng system update your electronics suite or completely refit it couldn’t be easier with SeaTalk ng.
