Raymarine SeaTalk NG (STNG) T-Piece Connector

Product price:

£25.00 tax included

Product codes:

Reference: 705-A06028
EAN13: 00723193060285
UPC: - MPN: A06028

Product short description:

SeaTalk ng T-Piece - Connects spur to backbone. Used for connecting white SeaTalk ng Spur Cables to Blue SeaTalk ng Backbone Cables. SeaTalk ng is a robust cabling and connection system compatible with NMEA 2000 built specifically for the marine environment comprising a powered single backbone with two terminators one at each end. Small diameter cable connectors are used throughout the system to make installation easier. There’s a wide range of cable lengths all with over-moulded plugs so there is no need to cut or splice cables. Spur cables connect individual SeaTalk ng products to the SeaTalk ng backbone.
