Victron Galvanic Isolator VDI-32A

Product price:

£288.00 tax included

Product codes:

Reference: 792-GDI000032000
EAN13: 08719076022381
UPC: - MPN: GDI000032000

Product short description:

The galvanic isolator consists internally of two diodes which are connected in anti-parallel fashion. When they are connected in this way the diodes allow current in both directions but only above a certain threshold voltage. The voltage at which diodes conduct is about 1.4 Vdc.
