Product short description:

Introducing the newest addition to the Apollo Family the Apollo RA670 inherits key audio innovations and revolutionary technology from the award-winning Apollo RA770 including Fusion's Digital Signal Processing PartyBus* over-the-air software updates* and more source options including Optical Audio for connection to TVs in salons and cabins. From the kick drum to the eardrum Apollo has made it inherently simple to customize your audio entertainment for superior sound quality in any area of your boat. The future of marine audio entertainment has arrived.

*Note: PartyBus and over-the-air software updates available when Apollo RA670 is integrated with an external network router or Apollo RA770 stereo.
