Product short description:

The GP-1971F smart interface inherited from the NavNet TZtouch2 features slide-out menus containing all the tools and data needed to be in total control. Customize the display modes and create the perfect combination to fit any individual needs. The Chart Plotter can use full-featured Navionics or C-Map 4D charts and includes a built-in TruEcho CHIRP as well as a conventional Fish Finder transmitting at 300W 600W or 1kW.
