Product short description:

Maretron’s DSM410 is a 4.1” high-resolution sunlight viewable colour display that interprets and displays NMEA 2000® instrument navigation and vessel monitoring data. The DSM410 is a user friendly dedicated marine display with custom screen configurations and an easy-to-use five-key illuminated keypad. In addition to the monitoring and display capabilities the DSM410 features an alert/alarm package and electrical switching capability. Unlike traditional single-display units DSM410 users can choose numeric gauge bar or graph formats in single or multiple displays with cycling options possible for a wide range of favourite data. These multiple display options conserve mounting space and reduce overall system cost. The DSM410 will directly connect with any NMEA 2000® network and with the exception of AIS data will display any or all information captured throughout the vessel. Various audio and visual alarms are also programmable. The DSM410 displays a

multitude of information including AC power anchor status battery depth electrical distribution engine environment fuel management GPS heading navigation pressure/vacuum rudder speed status indicators tanks temperature time transmission water makers weather wind and more.
