NASA Battery Monitor BM2 Compact 12VDC 200amp

Product price:

£118.80 tax included

Product codes:

Reference: 523-BM2-COMP-12
EAN13: 00799439091986
UPC: - MPN: BM2-COMP-12

Product short description:

BM-2 Compact is designed especially for applications where space is at a premium. It fully monitors performance of 12 volt lead acid battery systems with capacities of up to 999 Amp hours. The package is supplied complete with a precision 200 AMP shunt and a prefabricated cable assembly to enable simple DIY installation. The unit continuously monitors voltage current (charge or discharge) number of amp/hours (charge or discharge) the batteries state of charge and the time to charge or discharge. This information leads to more efficient use of the battery which can enhance battery life and reduce the risk of failure.
