NASA Battery Monitor Compact Grey 24VDC

Product price:

£99.00 tax included

Product codes:

Reference: 523-BM-COMPG-24
EAN13: 00610696095152
UPC: - MPN: BM-COMPG-24

Product short description:

The BM-1 compact is designed to monitor performance of 24 volt lead acid battery systems with capacities of up to 600 Amp hours. It is supplied complete with a precision 100 AMP shunt and a prefabricated cable assembly to enable simple DIY installation.

The unit continuously monitors voltage current (charge or discharge) number of amp/hours (charge or discharge) the battery's state of charge and the time to charge or discharge. This information leads to more efficient use of the battery which can enhance battery life and reduce the risk of failure.

In The Box

BM-COMPACT; Precision 100 AMP shunt; Prefabricated cable assembly.
