NASA MeteoMan Barometer

Product price:

£163.67 tax included

Product codes:

Reference: 523-METMAN
EAN13: 00609722871280
UPC: - MPN: METMAN

Product short description:

Atmospheric Pressure Range: 850 to 1100mb (user adjustment to compensate for altitude).

Pressure Trend: Rate of change of pressure for previous 24 hours in millibars per hour.

Pressure History: 950 to 1050mb or 980 to 1030mb with 0.5mb resolution.

Wind speed (when fitted with NMEA wind sensor) and Wind speed history.

Wind direction (when fitted with NMEA wind sensor) in analogue and digital format.

Real time clock with Race countdown timer and Stop watch with split timing.

Outside temperature (when fitted with NMEA wind sensor) and Cabin temperature.

Supply voltage: 9.0 to 15.0 volts.

Operating current: 100mA (when fitted with NMEA wind sensor) / 150mA (with backlight illuminated) / Standby current - less than 10mA.

Dimensions (WxHxD): 15.0 x 11.2 x 4.2 cm.
