NASA Target HF3/P

Product price:

£242.40 tax included

Product codes:

Reference: 523-HF3P
EAN13: 00609722871334
UPC: - MPN: HF3P

Product short description:

The Target HF3 is a masterpiece of R. F. engineering covering the entire spectrum between 30Khz to 30Mhz. For those new to single side band reception the unit comes complete with everything needed to 'get on the air'. Controls on the front of the receiver change reception mode from a narrow filter for SSB reception to a wide filter which enables high quality audio signals to be heard from broadcast stations around the world. They also control ten memory channels to store your favourite frequencies.

The large clear liquid crystal display shows the precise frequency tuned to and there is no need for constant 'correcting' with the tuning knob so often associated with SSB signals as the receiver is fully synthesised.

TARGET HF3/P.

The Target HF3/P has a fixed level audio output

to connect to third party weatherfax software. The receiver is supplied complete with a basic wire antenna 12 volt power cable and instruction book.
