Raymarine Micro-Talk Puck - Micronet to SeatalkNG Gateway

Product price:

£300.00 tax included

Product codes:

Reference: 705-E70361
EAN13: 00723193813935
UPC: - MPN: E70361

Product short description:

Performance sailing with wireless wind enhancement on your Raymarine MFD with accurate lay lines.

Use the power of your Raymarine MFD to inspire enhanced competitive sailing.

True wind achieved with sophisticated airflow and yaw algorithms.

Provides real-time data with robust and fast refresh rate.

Mast rotation position sensing for wing sail boats.

Quick installation light and wireless connection to wind vane.

Low power when used with Raymarine solar-

powered wireless devices.
