Product price:

£128.00 tax included

Product codes:

Reference: 797-B00043501
EAN13: 07640178729612
UPC: - MPN: B00043501

Product short description:

The VL Flex device can easily replicate every analog instrument thanks to the sun-readable 1.44” TFT display embedded into a standard 52 mm satellite instrument. The supported analog inputs allow you to directly read from your engine sensors and the CAN interface expands this possibility by allowing the device to read from the digital network.
