Product price:

£240.00 tax included

Product codes:

Reference: 144-ELINK
EAN13: 00703791696437
UPC: - MPN: ZDIGELINK

Product short description:

ENGINELink is a new NMEA 2000 wireless gateway that allows mobile phones and tablets to display engine data (utilising a NMEA 2000 interface) as well as providing a feed of AIS and GPS data to popular apps like Navionics NavLink iNavX SavyNavy AquaMaps and more. Now boaters can have engine data plus their favourite charting app displays on their connected devices.
