McMurdo SmartFind M10W AIS Class B Transponder

Product price:

£828.00 tax included

Product codes:

Reference: 498-21200002A
EAN13: 05035963007464
UPC: - MPN: 21-200-002A

Product short description:

The McMurdo SmartFind M10W AIS Class B Transponder part of McMurdo’s new range of innovative AIS products is perfect for smaller non SOLAS vessels where the complexity of a Class A Transponder is not necessary. It transmits vessel position information as well as receiving all AIS targets within 20 miles of the boat typical. Using the built-in GPS receiver the SmartFind M10 determines position speed and course and once this is combined with other navigational information it is automatically transmitted without any user interaction. When received by other vessels and coast stations the data built up to provide a live graphical display of traffic in the area.
