Product short description:

This 10w PV Logic solar panel roof and deck top kit enables the solar panel to be professionally fitted to the roof of a caravan motorhome or yacht. Great for small power consumption projects such as keeping the lights on in a campervan. The 10w PV Logic solar panel delivers a continuous trickle feed maintaining and extending the life of any 12-volt battery and delivers up to 65wh per day. Fitted with a blocking diode to prevent reverse current drain the kit includes all you need to fit the panel including a cable feed gland bonding agent a 4m cable connectors fuse and detailed installation instructions.

NOTE – The 10w panel kit does not require a charge controller if the battery to be used is larger than 75Ah.
