Product short description:

The 20w PV Logic flexi solar panel can deliver up to 130wh per day and as such a degree of self-sufficiency can be achieved where power demand is limited to lighting mobile device charging powering electric gates and other low energy consumption DC appliance power is needed. Benefitting from a two year product warranty the panel is supplied with a 4m cable terminals fuse and detailed installation instructions.

NOTE – A charge controller will be needed to protect a battery from reverse feed and overcharging.
