35-866171A01 Fuel Filter

Product price:

£78.24 tax included

Product codes:

Reference: 35-8M0093688
EAN13: 0745061659896
UPC: - MPN: -

Product short description:

The 35-866171A01 Fuel Filter is designed for marine enthusiasts seeking reliable fuel system protection for their boats. This high-performance filter ensures optimal engine efficiency by effectively removing impurities and contaminants from fuel, keeping your boat's engine running smoothly. With its robust construction and superior filtration capabilities, it is an essential component for any boating adventure.

- Engineered for marine use, ensuring durability in harsh conditions
- Efficiently filters out impurities and contaminants
- Promotes engine longevity and optimal performance
- Easy installation and maintenance
- Compatible with a wide range of boat engines
- Superseeded Number to **35-8M0093688**
