Airmar B260 1KW Bronze Thru-Hull Transducer

Product price:

£2,230.00 tax included

Product codes:

Reference: 032-41283102
EAN13: 00801769005011
UPC: - MPN: 41-283-1-02

Product short description:

The performance of Airmar’s \"1 kW 260 family\" of transducers is legendary. The combination of power and sensitivity has made this the high-performance transducer of choice with conventional fishfinders. Operating at 50 and 200 kHz the narrow 6° beam at 200 kHz provides excellent target resolution and crisp images of fish holding tight to wrecks and reefs. The 50 kHz is excellent at deep-water detection and the wide 19° beam yields broad coverage under the boat.
