UPC: - MPN: 33-509-01

Product short description:

Airmar 33-509-01 High-performance fairing block for B45 Transducers

Dimensions 13.75\" x 2.56\" 2.94\"

Fairing blocks are especially designed to ease installation of thru-hull transducers and provide a level mounting surface. The high impact polypropylene is easily cut and shaped to the hull.
