Furuno Airmar SS260 Stainless Steel 50/200 Thru-Hull Transducer

Product price:

£2,820.00 tax included

Product codes:

Reference: 260-FUSA-SS260
EAN13: -
UPC: - MPN: FUSA SS260

Product short description:

The 165T-50/200-SS260 includes the DFF3D elements along with 50/200 kHz elements and temperature and motion sensors. It can be connected to the DFF3D Multi-Beam Sonar along with one sounder. These transducers save money and space compared to purchasing and installing two separate transducers.
