UPC: - MPN: 010-01588-01

Product short description:

It’s very unnerving to say the least in unfamiliar waters and an obstacle or sand bar suddenly appears. So Garmin designed Panoptix PS21-TM with FrontVü sonar to give boaters enhanced situational awareness.[1] FrontVü sonar shows approaching obstacles sandbars and other hard obstructions to give you time to respond and avoid a collision or running aground. It’s a great way to protect your boat and your passengers.
