Raymarine ST900-P120 Thru-Hull Speed & Temp Transducer - 13.7m Cable

Product price:

£195.00 tax included

Product codes:

Reference: 705-E70673
EAN13: 00723193846940
UPC: - MPN: E70673

Product short description:

Speed performance has been taken to the next level with the ST900 Speed/Temperature sensor. Featuring the new Gen2 Paddlewheel the ST900 outperforms all other paddlewheel sensors for responsive startup and linearity. Analog output for use with Raymarine instruments like i40 i50 iTC-5 and legacy systems.
