Raymarine ST950 Plastic Thru-Hull Speed & Temp Transducer

Product price:

£245.00 tax included

Product codes:

Reference: 705-E70687
EAN13: 00723193858332
UPC: - MPN: E70687

Product short description:

Speed performance has been taken to the next level with the ST950 Speed/Temperature sensor. Featuring the new Gen2 Paddlewheel the ST950 outperforms all other paddlewheel sensors for responsive startup and linearity. Analog output for use with Raymarine instruments like i40 i50 iTC-5 and legacy systems.
